Honorary Secretary

November 15th, 2009

Dear Colleagues,

**Sub: Scientific Programme for forthcoming ISNCON 2009, at Guwahati**

Dear Colleagues,

Greetings from Lucknow. The dates of ISNCON 2009, Guwahati are 4<sup>th</sup> to 6<sup>th</sup> December 2009 and preconference CME on 3<sup>rd</sup> December 2009 (Pediatric Nephrology and Renal Pathology Session).

I am sending the scientific programme of ISNCON 2009. On behalf of scientific committee, I would like you to join us in our annual meeting and also participate in the scientific deliberations. This would give you an opportunity to discuss the Indian scenario of clinical care research and advancement in management of kidney diseases.

The history of Guwahati dates back to the epic times. The name Guwahati is combination of two worlds – “*Guwa*” meaning areca nut and “*Haat*” meaning market. Couched between the picturesque hills of eastern flanks of the Himalayan mountain range our venue of the ISNCON 2009 will offer you a memorable stay with close by scenic tourist places.

Looking forward to see you during the ISNCON 2009 at Guwahati.

With best wishes,

**Prof RK Sharma**  
Hon. Secretary
